My dear Mr Balasundaram Iyer,

I beg to invite your kind reference to this office No 46 dated 27th July '07 re the repairs required the rear portion of the Town Hall, which is occupied by the Students of the Chital dmg High School. Most portion of the building is really in urgent need of repairs. Last night, we had 2 inches & 4 cents of rain and today the sky is overcast. As already stated in my letter, the big portion wall is in a very dangerous condition as it is saturated with leakage water from above.

I am afraid that a large amount will have to be expended

Sir,

In inviting your kind reference to this office No. 2508 dated 19th January 1907, and subsequent reminders thereon regarding the urgent repairs to be carried out to the rear portion of the building attached to the Town Hall at Chittaldrug, which is now occupied by the students of the High School I have the honor to state that the concrete flooring especially in the places where water falls from the spouts, is very much cut up Mangalore tiled-roofing in the centre of the Hall is very much damaged most of the ridge tiles are broken owing to the leakage. Jellies have become plainly visible in the partition wall between the Students' and the Reading Rooms

I promptly steps are not taken to carry out the repairs referred to, I am afraid the building will soon come to grief. ~~under considerable~~ ~~amount~~ ~~be done~~ ~~to prevent~~, and a considerable amount will have to be spent over the building for its restoration. As the rainy season has already commenced, and as it is necessary that the works referred to have to be carried out immediately, I request that you will kindly obtain early sanction of Government to the estimate already sent and intimate the fact to me before the close of the current fiscal year

I have the honor to
